

# HOW IT WORKS

---

## Step 1

Send us a list of zip codes for each recipient along with event details (including event date, delivery time, group size, and type of occasion).

## Step 2

We'll provide you with a quote and proposal to fit your event needs.

## Step 3

When you're ready to move forward, decide on the menu your group will choose from, then we'll survey them to collect their delivery details and meal choices.

## Step 4

Contactless delivery on the day of your event for your group to enjoy!
